

## Mother Appeals to Her Daughter to Return

Miss Mary O'Connor.

A fond mother in Brooklyn to-day appealed to the police to help find her daughter, who disappeared a year ago. The girl is Mary O'Connor, eighteen years old, and her mother lives at No. 103 Pacific street.

According to the story that the mother told to the police the missing girl went away from home because

she could not agree with her brother. About a month ago the brother died and Miss O'Connor's mother thinks that her daughter has not heard of the fact. When Mrs. O'Connor went to the Brooklyn Police Headquarters to-day to have them appeal to the girl to come home, she said:

"I just want her back. It was all a mistake, and her brother is dead now."

## HER ROLL SAVED HER BROKEN LEG

Hidden Wealth a Buffer for Cab Wheel That Run Woman Down.

The power of wealth was never better illustrated than last night, when it probably saved Miss Jennie Smith, of No. 234 West Forty-sixth street, from death, and surely did save her from a broken limb.

Miss Smith was crossing Broadway in front of the Hotel Astor when a cab driven by Frank Woods, of No. 422 West Fifty-seventh street, ran her down. She did not move after being struck, and an ambulance was called from Roosevelt Hospital. When Dr. Allen arrived and prepared to examine her she immediately recovered.

"Just let me step into the ambulance a minute to see if my money is safe," she said, as she disappeared inside.

When she emerged she was blushing. She told the doctor that when the cab struck her it hit a roll of bills she carried in her stocking, and she lay still for fear the money had been knocked out and would be lost. It was safe.

## "The Largest Showing in New York City."

THIS is a phrase that has appeared very frequently in our advertising during the past few weeks. We have used it in connection with the Millinery, the medium-priced Suits for women, the medium-priced White and Lingerie Waists, the Misses' and Girls' Wear and one or two other stocks. We want you to feel safe in taking every word of our advertising at its face value—even phrases like this, which are so commonly and carelessly abused that it is likely you pay little attention to them. And so when we say "the largest showing in New York" we say so not because it sounds well, but because **it is the honest truth.**

In many lines beside those above mentioned, we carry by far the largest gathering of goods and varieties in styles that are carried in this city. That we can judge. It interests you only as it argues largest room for choice and, perhaps, what it indicates as to lower prices.

It rests with you whether, when we say "biggest," we can also say "best." We believe that we can. We believe that we are as far ahead of the rest of New York in giving **beauty-for-price, style-for-price** and novelty as we are in quantities and values. And as to the latter there is no doubt whatever. **Will you give your judgment?**

## Men's \$15 Serge Suits, \$9.75.

The Best Made, Best Cut, Best Fitting Suits from the Best Grade of Serge We Have Ever Seen at the Price.

There are only 300 of them. It's a good thing for the tailor who made them that there aren't any more, for he must have lost a good deal of money on every one he sold us.

As it is, these 300 handsome Blue Serge Suits will make a one-day sensation. We have done some astonishing things in our Clothing House, but we have seldom had anything better than this to hurrah about.

Every man knows the comfort, effectiveness and serviceability of the good Blue Serge Suit. The question is only "How good are these?"

Answer No. 1.—They would sell regularly for \$15.

Answer No. 2.—The serge is from the American Woollen Company; absolutely all wool and of a texture remarkably fine and smooth, even for the \$15 grade of suits.

Answer No. 3.—We will positively guarantee the dye and will take back and refund money or give a new suit for any that fade or lose color.

Answer No. 4.—The styles are absolutely faultless; single or double breasted models. The tailoring is rather better than you will find in the average \$15 suits. Hand-moulded collars. Lining of mohair—a special grade guaranteed by us.

**And the Price is Nine Seventy-five.**

This seems a fitting opportunity to remind you that all clothing sold by us is kept pressed and in repair for one year free of charge. Suits will be called for and delivered anywhere in territory covered by our own wagons.

## No Shoes Like "Foot Mould."

We pinned our faith to "Foot Mould" shoes in the beginning because we were sure, after long trial and experiment, that it was the best make of shoe that had appeared at prices from \$3 to \$4. Eight years' experience with the shoe has shown us that we were not mistaken.

In that time we have seen the prices of leather, trimmings and the shoes made from them advance steadily.

But "Foot Mould" Shoes Remain at the Original Prices, \$3, \$3.50 and \$4.

and they are just as good as they were when we first announced them and asked you to judge us by them. The Spring styles are ready.

The "Foot Mould" Arch Supporting Shoe.

This shoe is prepared especially for those who suffer from weak insteps, resulting in severe pains and aches and the ultimate deformity of "flat foot."

The Foot Mould Arch Supporting Shoe must not be confounded with the awkward, shapeless surgical devices that bear similar names and are intended for similar purposes. Our Arch Supporting Shoes are just as stylish and good to look at as any of the regular Foot Mould line. But they contain a device that gives support to the instep arch, with immediate relief from all aches and with a delightful sense of elasticity and buoyancy. Price (men's or women's styles) **\$4.00**

Men's and Women's Sample Shoes, \$1.90.

All of this season's best styles and better than regular stock shoes in workmanship and finish, because intended for use as samples.

Among Them Are Some Sample "Foot Mould" Shoes,

and those who can wear sample sizes will have the pleasure of buying at \$1.90 shoes that are selling to others the same day (from regular stock) at \$3, \$3.50 and \$4, while the other samples are worth still more. Both men's and women's styles are shown—tan Russia, calfskin shoes and Oxfords, black calfskin shoes, kidskin, calfskin **\$1.90**
